SPORTS TIMING

We provide sports timing... and then some!

Our equipment is specifically designed to be employed at sports events, currently being used at major events like the London Marathon and World Triathlon Series.

Our team have approaching 1000 events worth of experience and can adapt to any requirements, no matter how different or technical.

There is no limit to the amount of participants we can cater for.

We will attend with a back up for every piece of equipment, so you are guaranteed a set of results immediately.

The results are posted live to the internet, a video is produced to youtube and you get a results portal that you can share with as many people as you wish. No pieces of wet paper!

LIVE RESULTS

Our systems connect in numerous way, but all have sim cards built in. This means that the equipment can be placed anywhere and still have data immediately.

Our systems will then calculate the data, turning it into a result on your portal within seconds.

We also provide a tv at the finish for people to assess their performance, which in itself is a great social experience for the participant.

WHATS INCLUDED?

Our timing includes the below as standard:

- 6 hours of staffing
(2 hours prior for set up & 4 hours timing)
- Timing Equipment for Start/Finish
- Chosen type of timing chip
- Info & Results Portal
- TV at the finish with times
- Personalised results email and PDF certificate
- Start/Finish Flags
- Youtube video of finish line (where possible)

ANKLE/WRIST CHIPS

Ideal for smaller events and triathlons. Designed to be re-used, they come with a paper event strap that attaches to the wrist or ankle. We loan the timing chips to you. Your team hand them out and collect them in at the finish. They are then returned to us prior to our team leaving.

BIB/BIKE CHIPS

Our most popular timing chip, that attaches to a number. If you are purchasing the number with us, we attach the chip directly. If you prefer to have your own numbers, we will send them out to you in advance for application.

RELAY BATONS

We have 250 numbered relay batons with built in timing chips. They are loaned to you in the same way that Ankle/Wrist Chips are described above.

ELITE ACTIVE CHIPS

Look a lot like the Ankle/Wrist Chips, but are designed for elite sports, cycle races and indoor fitness events. They have a battery inside and can store real time data. The timing equipment is virtually invisible as the chip does the work. Please request a quote for this type of chip.

EXTRAS & ESSENTIALS

Event Essentials:

- Race Number (Bib, plate, sticker)
- Pins
- Luggage Tags

Extras:

- Arch Hire
- Finisher Result Print Outs
- Text Message instead of Email

10.	Scott Davos MTB Project		M. L'homme		S. Gerig	0:41:04	+1:58

PORTAL & API

All organisers have access to a portal with information, statistics, latest finishers, live splits, results lists and prizes. This can be shared with your team, participants and supporters.

We can provide API's to fit with external companies like TV stations for Graphics, tracking maps and photograph websites.

RESULTS EMAIL

We send all finishers a personalised email with PDF certificate, congratulating them on their performance.

Included in the email is a personalised description of their result. A link to the full results YouTube video and any photographs taken.

This can be done as they cross the line or as they finish.

ONLINE REGISTRATION

Our Online Registration service is bespoke and built to your requirements.

It integrates with our timing system directly, so there is no need for cut offs with registration able to be left open right up to the race start.

We can add additional fields such as t-shirt sizes, charity donations and merchandise.

Payment is processed via Stripe accepting all types of cards.

SECURITY & DATA

Payment is processed via Stripe which allows for large entry numbers simultaneously whilst storing funds securely.

We are a GDPR company and only use data for the event.

You will receive a link to download the latest data to Excel and also have access to entry lists and statistics via the Portal.

FEES & PAYOUT

The service to you is free, with an admin fee charged to the entrant. If you prefer you can absorb the fee into your overall total.

Payout is made after the event deducting our service invoice. A full statement will be sent along with a full set of results. If you require interim payouts, please speak to us prior.
